

Ar Ruthiane

Designed in 2004

shown in Polished Copper with wood blades

	Safety cage compatible
	Suitable for Damp Location**
	
	Proudly Assembled with American Labor
	Handmade

shown in Polished Chrome with metal blades and decorative cage

The Ar Ruthiane's unique hourglass support arms grasp bullet-shaped motor housings which rotate about its teardrop center. The fan heads can be infinitely positioned in 180-degree arcs for optimum air movement; the greater the angles of the motors to the horizontal support rods (up or down), the faster the axial rotation. A slow, controlled axial rotation is achieved by both fan head position and fan blade speed.

- Matthews rotational fans circulate heat and air conditioning more efficiently than traditional paddle fans.
- Constructed of cast aluminum, heavy spun and stamped steel, the Ar Ruthiane carries a limited lifetime warranty.
- Each unique motor mount and fan head knob is made of genuine marbled Bakelite.
- The Ar Ruthiane is available with the following blade options:
 - metal fan heads with decorative metal blade guards
 - solid, ecologically harvested Brazilian mahogany fan heads without blade guards
 - metal fan heads with metal safety cages for use in low ceiling applications (7 ft in US / 8.2 ft in Canada)

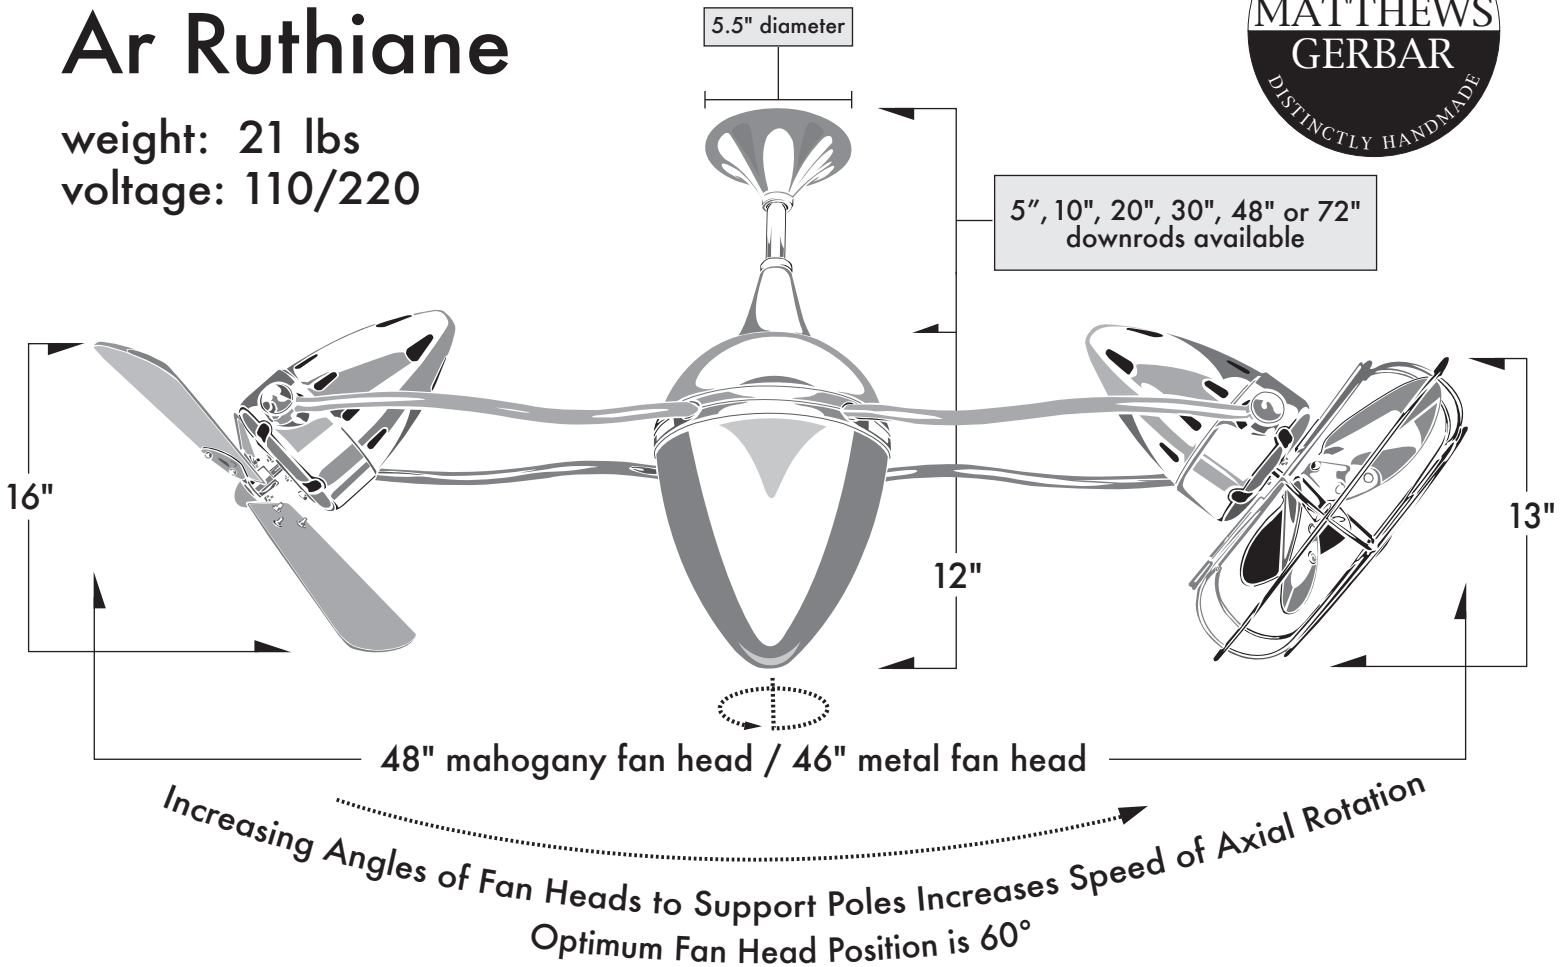

Standard Finishes

Special Order Finishes

Ar Ruthiane

weight: 21 lbs
voltage: 110/220

CFM: 4240
(Wood Fan Head)
Blade Pitch 19°

CFM: 3201
(Metal Fan Head)
Blade Pitch 31°

Standard Equipment:

- Lutron decora-style SFS-5E fully variable wall switch in white
- 10" downrod. 5", 20", 30", 48" or 72" downrods available. Downrods can be easily field cut; they are not threaded.
- Flat ceiling canopy. Compatible with 29° vaulted ceiling canopy accessory.

Metal fan heads with protective powder or clear coatings are suitable for Damp Location.

Safety cages available for low ceiling applications.

**Damp location with powder or clear coat only. Not recommended for salt water/ocean front applications.
