Blade Options

Designed by Chicago architect Stephen Katz in 2013, the wet location Eliza blends a beautiful technically derived form with superior function and movement. The unique blade shape is designed to maximize air movement at the outer edge of the blade. The result is more efficient air velocity rings, less blade drag and greater motor optimization. Equally important is Eliza's stationary visual statement which combines modern utility with minimalist geometry.

- 56" diameter.
- Energy efficient, ultra-quiet, six-speed and reversible DC motor with new reliable technology.
- Wet location finishes: brushed nickel and gloss white.
- Blades available in Gloss White, Brushed Nickel, Walnut or Gray Ash.
- Constructed of cast aluminum, polycarbonate and heavy stamped steel.
- Limited Lifetime Warranty
- Standard equipment:
 - One downrod of 10". 5", 20", 30", 48" or 72" downrods also available.
 - Vaulted ceiling mount canopy for up to 30 degrees.
 - Reverse on six-speed, hand-held and wall-mountable remote control.
